FONTS:

This resume template uses free fonts that are compatible with PC and Mac. You *MUST* install these fonts on your computer in order for it to work properly.

FONT INSTALLATION:

We've packaged the fonts you need in the Zip file you just opened. Simply open the folders and install each font file.

Windows Users: Right click the font file, select "Install", and restart MS Word. (We recommend fully restarting your computer.)

Mac Users: Double click the font files, and then click "Install", and restart MS Word. If the fonts are still not showing, click this link for another solution. (We recommend fully restarting your computer.)
